

UNDERWATER CCTV INSPECTION

The highly trained divers of **BEVALDIA (Manager of the branches PSOMAKARA & GAMSRO)**, carry out under water inspections with real time monitoring CCTV. It is approved by all IACS members (ABS, DNV.GL, BV, LR, NKK, KR, RINA, RS CLASS) and from INSB for carrying out under water CCTV inspections.

Our company has to its disposal latest technology equipment, enabling to perform under water CCTV inspections, for:

- **UWILD:** Underwater inspection in lieu of dry docking/extension of dry docking.
- **Sale and Purchase**
- **Damage evaluation:** On behalf of insurance companies or owning companies (u/w damage inspections).
- **Conditions Surveys:** Inspection of underwater parts of vessels.
- **Ascertaining critical measurements:** Tail shaft wear-down, rudder pintle clearances etc.

After the inspection has been completed a detailed report is prepared and delivered to the customers (which may be in the following languages: English, French, Greek, Arabic) accompanied by full color high resolution photos and video.
